How did this all Start?

Kennetic first produced these videos for the **Florida SBDC**. Dr. Kirby was looking for a dynamic way to promote the SBDC services and we conceptualized the videos you see today. It was an amazing experience!

The **Louisiana SBDC** then saw the videos, loved them, and wanted to replace all references to Florida with Louisiana. This was a decently easy fix, so they received the videos at a discounted rate. (The rate you see today).

We then brought this to the attention of **America's SBDC** and they loved it so much, they did the same thing and brought us here!

Recommendation

"Thank you so much for your outstanding work in producing the latest motion graphic videos for the Florida SBDC Network. You managed to perform exceedingly well under tight deadlines and we can't be more pleased with the result. We appreciate the relationship we have built with your company and feel proud to support one of our clients. We have no hesitations in recommending Kennetic Productions and look forward to working with your company again on future projects."
