## A Word About Funding

The Idaho SBDC is able to serve clients at no-cost through an agreement with our funders. In return for the time we work with you, we will ask a few very important things of you:

- **Complete surveys from the Idaho SBDC & its funding partners**

Your information is kept completely confidential.

- **Verify Business Impact**

Our funders want to know about your business success. When you experience business impact thanks to assistance you received from the Idaho SBDC, we ask that you submit an Impact Verification.

These two steps will ensure ongoing funding support of the Idaho SBDC and guarantee our ability to assist you long-term.
