

Phil Esposito – Phil Esposito Photography Client of the Staten Island SBDC

Phil Esposito is the owner and operator of Phil Esposito Photography located in Brooklyn, New York. Phil, a retired and disabled Naval Petty Officer, met SBDC Certified Business Advisor Joe Bottega in 2015. Joe provided Phil with marketing advice, business plan development assistance, and gave the necessary guidance and direction for him to obtain Certification as a Disabled Veteran Small Business Owner. Phil was able to obtain this certification and used it in winning several contracts for his Fine Art Photography Business.

Business Advisor Bottega continually encourages Phil to network and show case his Fine Art Photography in the community in order to increase his visibility and sales. In June 2017, Phil was awarded the opportunity to show case his Fine Art Photography at an Art Exhibit sponsored by Kearny Bank in Park Slope, Brooklyn. Phil was able to gain more customer awareness and appreciation for his Fine Art Photography as a result of this exhibit. The event was featured in The Brooklyn Spectator.
