

Tyler Demars
SBDC Specialty Services Director
North Dakota SBDC Network

A North Dakota native, Demars holds a bachelor's degree in Management and a Master's degree in Strategic Leadership, both from the University of Mary in Bismarck, ND. In his 15+ years of business management and development experience he's established a broad skill set including feasibility analysis, go to market strategy development, operations management, community & economic development, and non-profit leadership.

Demars serves as Specialty Services Director for the ND Small Business Development Centers. The Specialty Services Director is a shared position between two programs, the ND Procurement Technical Assistance Center and the ND Small Business Development Centers. This position provides assistance to specific target populations and industries that have been deemed priority concerns for the programs and the state.
