UGA SBDC IN GWINNETT

The University of Georgia Small Business Development Center in Gwinnett offers a variety of training and consulting services to new and experienced business owners looking to grow their business.

Glenn Kruse, Area Director

When the pandemic started, the Gwinnett center was asked to lead a statewide effort in developing and delivering webinars on SBA COVID-19 disaster programs.

Area Director Glenn Kruse partnered with the local chamber, Georgia state offices, and other SBA resource partners to disseminate the latest pandemic assistance information in a delivery method easily understood and well received by audiences statewide.

Congratulations to Glenn and the entire UGA SBDC in Gwinnett team!
